KELLIHER KILLER, SLAYER OF 4, NOW IN JAIL

COLLAPSED IN FEAR WHEN THE SHERIFF GOT HIM IN A BARN

CREDIT FOR CAPTURE GOES TO A
FARMER NAMED GRAY, 3 MILES
NORTH OF KELLIHER

PORTANO WAS FED BY GRAY AND
LATTER NOTIFIED SHERIFF
WHERE TO FIND HIM

(By United Press)
Bemidji, Minn., Nov. 17.—The
Kelliher killer is in jail.

Leonard Portano, Italian slayer
of four, raved and screamed
behind Beltrami county bars to-
day.

He all but collapsed in paroxysms
of fear when Sheriff Arthur Johnson
and his men came upon him last
night. Screaming inarticulately, he
showed no fight whatever, although
heavily armed.

Meanwhile, preparations are being
made to bury the victims of his blood
passion.

Little Myrtle Sanders, maid of the
pines and innocent cause of the
slaughters, is beginning to sense
that her mother and father are gone
and that she will never again see
Oscar Timmy, Portano's rival for her
shy girlish glances.

Mob Planned to Hang Portano

Portano barely escaped violence at
the hands of the men who searched
for him all day yesterday.

When word reached Kelliher that
Portano had been captured by the
sheriff, a group of heavily armed citi-
zens felled a telephone pole across
the road into the town and awaited
the sheriff's car. They were ready
to mete out brief justice to the killer.

Sheriff Johnson, driving the car
while three of his deputies guarded
Portano, saw the telephone pole in
time and detoured. Several shots
were fired after the speeding captive
car, but none took effect.

Sheriff Johnson sped on to Bemidji
and placed Portano in jail at mid-
night.

Farmer Gray's Ruse

To a farmer named Gray, living
three miles north of Kelliher, goes
the credit for Portano's capture.

The killer appeared at his farm
about 8:30 last night and asked for
food. Gray fed him and then he
asked permission to stay all night.
Gray suggested that he go to the
next farm and sleep in a nice warm
barn.

Portano went there.

Meanwhile, Gray called the sheriff
and told him where he would find
Portano. As the Italian tried to
sleep in the straw, the sheriff and
his men came upon him.

Portano Pleads for Mercy

Inarticulate cries of fear that made
the blood of his captors run cold,
came from the hunted man. He
pleaded that he be spared and offered
no resistance. He wanted to be taken
far so that his enraged neighbors
might not kill him.

Then began the run to Bemidji—
a chase to outwit citizens who sought
the life of the man who killed four.

Portano's escapade began early
Thursday. He argued with Oscar
Timmy over the affections of Myrtle
Sanders, barely 15, and fired a shot
which wounded Timmy slightly.
Timmy went to Kelliher for the town
marshal.

Meanwhile Portano went to the
Sanders home, forced Myrtle to ac-
company him, killed her mother and
father, John Sanders, and lay in
wait at the roadside for Timmy and
the marshal. The marshal, J. A.
Wilson, came along first and died
with a bullet through his heart. Lat-
er Timmy came along and he too was
killed.

Then Portano took the little girl
to his lumber camp and told her to
stay there. He wrote a note con-
fessing to the killings and called Dr.
M. Bone at Kelliher telling him
where he would find the bodies of his
victims.

Portano then took to the woods
heavily armed. He wandered all
day while authorities feared to go
into the timber after him.

STRIVE TO WELD THE WOMEN INTO POLITICAL PARTY

SEEK TO HASTEN DAY WHEN
WOMEN WILL BE LEGAL
EQUAL OF MEN

WANT "LUCRETIA MOTT" AMEND-
MENT TO THE CONSTITUTION
OF THE NATION

(By United Press)
Washington, Nov. 17.—Two
hundred women who would weld
the "better half" of the nation
into a feminine political party
met here today to lay out plans
for hastening the day when
women will be the legal and po-
litical equal of men.

To effect this, they have proposed
that congress enact the so-called
"Lucretia Mott" amendment to the
constitution providing that "men
and women shall have equal rights
in the United States and all places
subject to its jurisdiction."

The women, all sectional leaders
of the national women's party
which backs the amendment, were
summoned here by Mrs. O. H. P. Belmont,
society leader of New York and New-
port and president of the party, to
discuss means of coercing congress
to enact the amendment at the present
session.

Preliminary to going into execu-
tive session late today on the strictly
political features of their campaign,
however, the two hundred women
were to march to the White House
to inform President Coolidge of the in-
tentions of backing the amendment
until it is passed and ask him to support
it.

Late today the women were to
meet at the "watchtower," the group
of buildings opposite the capitol pre-
sented to the party by Mrs. Belmont
as a vantage point from which to
watch congress' actions, and there
with the famous card index of con-
gress they will debate ways and
means of getting passage of the
amendment in the best male manner.

The card index is said to contain
complete history both personal and
legislative of all members of con-
gress, their views on the amendment,
whether they are for, against or "on
the fence" and to the facts which
might aid in securing their support
for the measure.

Between now and the opening of
congress in December, they will prob-
ably visit all members who have not
committed themselves on the amend-
ment.

Tomorrow night the party will
present a tableau in the crypt of the
capitol where the statues of Lucre-
tia Mott, Elizabeth Cady Stanton
and Susan B. Anthony were installed
a few years ago.

COOLIDGE PREDICTS FAVORABLE ACTION

Washington, Nov. 17.—If the wo-
men of America want an equal rights
amendment to the constitution, con-
gress will give it to them, President
Coolidge predicted today in greet-
ing two hundred members of the women's
national party who called at the
White House to urge his support of
the equal constitution amendment.

WALTON ANNOUNCES WITHDRAWAL FROM HIS TRIAL BY SENATE

SAYS HE HAS REACHED CONCLU-
SION HE CANNOT GET FAIR
TRIAL

PRESIDENT PRO TEM ATTEMPTS
TO ATTACK WALTON'S
COUNSEL

(By United Press)
Oklahoma City, Okla., Nov.
17.—"I have reached the conclu-
sion that I cannot have a fair
trial in this court. I hereby
withdraw."

Governor J. C. Walton amazed the
senate court of impeachment today
by rising from the midst of his coun-
sel at the center table and making
this statement.

Governor Walton's counsel follow-
ed him from the room. The with-
drawal was taken to mean that no
defense would be presented.

The governor's statement came
immediately after testimony regard-
ing the Ku Klux Klan offered by the
executive counsel had been barred
by the court.

Before the trial could proceed,
Walton, pale of face and in a voice
that was not entirely steady, rose
slowly to his feet and began to speak.
It was the first time he has per-
sonally been heard.

"I have been sitting here fighting
for my honor and rights for ten
days," he said.

"I do not wish to criticize any of
the honorable members of the court,
but I have reached the conclusion
that I could not have a fair trial in
this court."

"Therefore, for my own sake and
for the sake of my wife and children
upon whom the stain of this unfair
trial will reflect, I hereby withdraw
from this court."

"You may proceed as you see fit."
The governor's action took the
court by surprise and great commo-
tion ensued for a time after which
the trial proceeded without him.

Shortly after Walton withdrew,
the Senate court was thrown into an
uproar by the attempt of Senator An-
glin, president pro tem of the senate,
to attack Attorney Sprague of Wal-
ton's counsel.

Anglin was held off by a dozen
senators and the court took a recess
for twenty minutes.

Senator Anglin had stated he un-
derstood that all subpoenas for wit-
nesses for the governor had been
withdrawn.

Sprague, who was leaving the room
said he did not believe any such
statement had been made.

Anglin screamed something about
being called a liar and hurled a pen-
cil at Sprague and then attempted to
crawl over the desk toward him.

The disturbance finally was quiet-
ed down.

MOTHER SEEKS CUSTODY OF CHILD

(By United Press)
Minneapolis, Nov. 17.—Seeking to
set aside the informal order of a sym-
pathetic jurist, Mrs. Alice Flannery
Stair Corbett today sought custody of
her 6-year-old daughter Nancy.

Merritt J. Corbett, prominent east-
ern clubman and yachtsman, is here
with his wife to aid in her fight.

Granted a divorce from Irving L.
Sair 14 months ago, Mrs. Corbett,
daughter of Judge Flannery, of St.
Paul, was awarded custody of the
daughter for nine months of the year.
She went to Florida with her father,
leaving her daughter with a nurse in
St. Paul.

One night Irving Stair went to Judge
Bardwell in his chamber in the court
house, explained the mother had left
little Nancy alone, and was informally
awarded custody of the child.

The mother wants to take her to
her new home in Binghamton, N. Y.,
and Corbett is here to say that he is
willing and anxious to treat the child
as his own daughter.

PRESIDENT SAYS U. S. TO SYMPATHIZE WITH MOVE TO OUST PRINCE

Washington, Nov. 17.—President
Coolidge believes that the Ameri-
can people will sympathize with
any move to be taken by the allied
governments to prevent restora-
tion of the Hohenzollerns to power
in Germany, although the Ameri-
can government cannot, in ac-
cordance with long-established
policy, take definite action in the
matter which has been brought
up by the return to Germany of
the former crown prince, Freder-
ick William.

PRICELESS RELICS GIVEN TO MASONS

ST. CLOUD MAYOR PRESENTS AN-
TIQUES TO MINNEAPOLIS
SCOTTISH RITE BODIES

Priceless Masonic relics, including
a gavel used in 1771, were presented
by Mayor W. W. Matson of St. Cloud
Thursday night to the Minneapolis
Scottish Rite Masonic bodies at the
Scottish Rite temple, Franklin and
Dupont avenues.

Mayor Matson, who is a member
of the Minneapolis bodies, made the
presentation of the articles at the
conclusion of the degree work. In a
brief speech he told of his hobby of
gathering Masonic relics and of his
wish of having them placed in the
Scottish Rite library here for study
by Masonic students.

Included in the list were a New
Testament, in Latin, printed in 1531,
an old English Bible, printed in Old
English type, bearing the date of
1579, the time of Queen Elizabeth.
A book entitled "Temple of Solomon
Spiritualized," printed in London in
1771, old legal parchments bearing
the date of 1736, and a New York
newspaper chronicling the death of
George Washington and a story of
the Masonic services conducted over
his body.

Mayor Matson expressed the belief
that the ivory gavel probably was
brought to America by the Pilgrim
Fathers.

LYOYD GEORGE WILL SERVE UNDER ASQUITH IF ELECTION IS WON

(By United Press)
Manchester, Eng., Nov. 17.—If
David Lloyd George and other liberal
leaders win the present fierce elec-
tion battle on free trade, the ex-
premier will serve under his former
colleague and late rival, Herbert H.
Asquith.

This indication was given by for-
mer Colonial Secretary Winston
Churchill in a speech here today.

The heads of the proposed liberals
would be, he said, Asquith as prime
minister, Lord Grey and Lloyd
George serving as chief lieutenants.
Churchill's position as one of
Lloyd George's closest political
friends, made the declaration appear
a reliable forecast.

Predicts Lloyd George as Premier
St. Paul, Nov. 17.—David Lloyd
George will again be premier of Eng-
land.

A. Emil Davies, British banker and
labor party leader made this predic-
tion today, lecturing on "Changing
England" before the women's city
club.

Premier Baldwin is due for a
crushing defeat in the election De-
cember 6th, according to Davies. He
believes Herbert Asquith and Lloyd
George will then come into power.

CONVENTION CALLED FOR A THIRD PARTY MAY 30 NEXT YEAR

TO PLACE IN NOMINATION CAN-
DIDATES FOR PRESIDENT
AND VICE PRESIDENT

LA FOLLETTE FAVORED FOR
PRESIDENT—PLATFORM
PROPOSED

(By United Press)
St. Paul, Nov. 17.—A national
third party convention will be
held in St. Paul next May 30th
to nominate candidates for presi-
dent and vice president of the
United States.

The Minnesota farmer-labor move-
ment will send out the national con-
vention call.

U. S. Senator Robert M. La Follette,
Wisconsin, is favored for president.

A resolution to this effect was un-
animously adopted at the close of the
third party conference at labor tem-
ple here.

Further plans for the convention
and the launching of the new party
will be discussed in Chicago Sunday
and Monday. Virtually the entire
representation of the St. Paul con-
ference will move to Chicago tonight
to confer with party leaders and
sympathizers there.

The new party, if it evolves from
the call, will be an enlargement of
the Minnesota farmer-labor party
which has elected two United States
senators—Magnus Johnson and Hen-
rick Shipstead. The party has legal
standing in Minnesota.

The constituency of the party will
have to approve the plans for a third
party endorsed by resolution of the
conference.

There seems to be no doubt among
leaders that the various elements re-
presented will heartily endorse the
program.

William Mahoney, St. Paul, presi-
dent of the working peoples' non-
partisan political league, Henry G.
Teigan, secretary of Magnus John-
son, and William A. Shaper, former
University of Minnesota professor,
were named to represent the club at
the Chicago conference. Others,
however, will attend.

The resolution calling for a na-
tional third party convention also
proposes a platform embodying the
following points:

Public ownership of railroads.
Control of money and credits by
the people through the government
co-operative banks.
Public control of natural resources.
Preservation of civil rights as
guaranteed by the constitution.
Legislation to prevent judicial
abuses.

The convention's call will be sent
to all organizations in the United
States, political and economical,
which agreed to the fundamental
platform plans proposed.

6 U. S. Concerns Build Factories in France

Paris, Nov. 17.—Six big American
companies are busy building and
equipping complete manufacturing
plants in France as the advance guard
of a general movement toward im-
portant American factories.

The International Harvester com-
pany is erecting a new factory at
Lille. The United Shoe Machinery
company is building a new plant at
Col de Vercy. The Barrett Roofing
company is establishing a factory at
Conflans.

The Worthington Pump company
and the Otis-Piffrey company, which
is the European associate of the Otis
Elevator company, already are manu-
facturing in France.

The National Radiator company is
building a plant at Chichey, while an-
other prominent American firm is ne-
gotiating for large factory sites near
Paris. The low labor wage scale, the
low costs of real estate and transpor-
tation are the principal reasons for
the American industrial invasion.

DULUTHIAN ARRESTED FOR THEFT OF AUTO IN SAN FRANCISCO

San Francisco, Nov. 17.—Chased
by a crowd of pedestrians as he
fled through busy down-town
streets at the height of traffic to-
day in an alleged stolen automo-
bile, James Davis, 26, of Duluth,
was captured and led to jail.

Police in commandeered ma-
chines and bank messengers in an
armored car led the chase. Davis
is alleged to have taken the car
from a down-town garage.

YEGGS ROB THE STATE BANK OF PENNOCK OF LIBERTY BONDS

THEY BURN HOLE THROUGH THE
VAULT DOOR WITH ACETY-
LENE TORCH

LOSS NOT KNOWN BUT ESTIMAT-
ED TO BE IN EXCESS OF
\$5,000

(By United Press)
St. Paul, Nov. 17.—Yeggs en-
tered the vault of the State Bank
of Pennock, a few miles north-
west of Willmar, some time Fri-
day and escaped with a large
number of liberty bonds.

Although no check has been made,
W. W. Berglund, cashier of the bank,
estimated the loss in excess of \$5,-
000.

The Yeggs opened the rear window
of the bank, took an acetylene torch
out of a garage adjoining, burned a
hole through the vault door and
opened it. Apparently no effort was
made to open the inner door of the
vault where the bank's cash was
stored.

Sheriff Peter Bunde, Kandiyohi
county said no one saw the men en-
ter and no one saw them leave, and
that no trace of them has been found.
E. L. Thorp is president of the
bank.

BRITISH LABOR PARTY WOULD REVISE THE VERSAILLES TREATY

(By United Press)
London, Nov. 17.—The election man-
ifesto of the labor party issued today
demands the British government im-
mediately call an international con-
ference, including Germany, to revise

economic relations with Russia is also
demanded.

BUTTER TITLE TAKEN FROM MINNESOTA

Madison, Wis., Nov. 17.—Iowa but-
termakers are declared winners in the
national butter scoring contest con-
ducted by the National Association of
Creamery Butter Makers which met
here recently. H. C. Larson, national
president, announced here today. Al-
though the national contest banner
was awarded to Minnesota buttermak-
ers at the convention, a recheck show-
ed the Iowa contestants had a lead of
slightly over 1 per cent, Mr. Larson
said.

Minnesota was acclaimed the cham-
pion producer of high quality butter
at Madison, Nov. 7. It was the 18th
time in 20 years that Minnesota had
been awarded the first prize.

AMBASSADORS' COUNCIL DID NOT HOLD MEETING

LATTER WAS POSTPONED AND
THREATENED SPLIT WAS
AVERTED

FRENCH AND ENGLISH AMBAS-
SADORS' VIEWPOINTS DIFFER
ON CROWN PRINCE

(By United Press)
Paris, Nov. 17.—Today's meet-
ing of the council of ambassa-
dors has been postponed, thus
deferring the expected split be-
tween Britain and France.

It was anticipated that the coun-
cil would meet today and the French
and British viewpoints would be so
divergent that the session would
break up. Cancellation of the meet-
ing averts this.

It is understood that the French
and British ambassadors' views on
what shall be done with the former
crown prince and control of German
armament are irreconcilable.

Premier Poincare's strong speech
in the chamber on Friday where
he expressed the hope of maintaining
the entente, but refused to change
the French policy in any degree, has
left the next move to Britain.

Poincare was loudly cheered by
the deputies at frequent intervals
flatly accusing the British represen-
tative in the ambassadors' council of
supporting the Germans against the
French on some issues.

(By United Press)
Rome, Nov. 17.—Premier Mussolini
in an address to the senate went flatly
on record as opposing further occu-
pation of Germany and any deman-
d on Germany for surrender of the for-
mer crown prince.

"I must say the Italian government
could not approve the additional oc-
cupation of German territory," said
Mussolini.

"We must not think of destroying
the German people which had our
civilization and will tomorrow be an
integral part of European civiliza-

"I have been sitting here fighting
for my honor and rights for ten
days," he said.

"I do not wish to criticize any of
the honorable members of the court,
but I have reached the conclusion
that I could not have a fair trial in
this court."

"Therefore, for my own sake and
for the sake of my wife and children
upon whom the stain of this unfair
trial will reflect, I hereby withdraw
from this court."

"You may proceed as you see fit."
The governor's action took the
court by surprise and great commo-
tion ensued for a time after which
the trial proceeded without him.

Shortly after Walton withdrew,
the senate court was thrown into an
uproar by the attempt of Senator An-
glin, president pro tem of the senate,
to attack Attorney Sprague of Wal-
ton's counsel.

Anglin was held off by a dozen
senators and the court took a recess
for twenty minutes.

Senator Anglin had stated he un-
derstood that all subpoenas for wit-
nesses for the governor had been
withdrawn.

Sprague, who was leaving the room
said he did not believe any such
statement had been made.

Anglin screamed something about
being called a liar and hurled a pen-
cil at Sprague and then attempted to
crawl over the desk toward him.

The disturbance finally was quiet-
ed down.

MOTHER SEEKS CUSTODY OF CHILD

(By United Press)
Minneapolis, Nov. 17.—Seeking to
set aside the informal order of a sym-
pathetic jurist, Mrs. Alice Flannery
Stair Corbett today sought custody of
her 6-year-old daughter Nancy.

Merritt J. Corbett, prominent east-
ern clubman and yachtman, is here
with his wife to aid in her fight.

Granted a divorce from Irving L.
Sair 14 months ago, Mrs. Corbett,
daughter of Judge Flannery, of St.
Paul, was awarded custody of the
daughter for nine months of the year.
She went to Florida with her father,
leaving her daughter with a nurse in
St. Paul.

One night Irving Stair went to Judge
Bardwell in his chamber in the court
house, explained the mother had left
little Nancy alone, and was informally
awarded custody of the child.

The mother wants to take her to
her new home in Binghamton, N. Y.,
and Corbett is here to say that he is
willing and anxious to treat the child
as his own daughter.

PRESIDENT SAYS U. S. TO SYMPATHIZE WITH MOVE TO OUST PRINCE

Washington, Nov. 17.—President
Coolidge believes that the Ameri-
can people will sympathize with
any move to be taken by the allied
governments to prevent restora-
tion of the Hohenzollerns to power
in Germany, although the Ameri-
can government cannot, in ac-
cordance with long-established
policy, take definite action in the
matter which has been brought
up by the return to Germany of
the former crown prince, Fred-
erick William.

PRICELESS RELICS GIVEN TO MASONS

ST. CLOUD MAYOR PRESENTS AN-
TIQUES TO MINNEAPOLIS
SCOTTISH RITE BODIES

Priceless Masonic relics, including
a gavel used in 1771, were presented
by Mayor W. W. Matson of St. Cloud
Thursday night to the Minneapolis
Scottish Rite Masonic bodies at the
Scottish Rite temple, Franklin and
Dupont avenues.

Mayor Matson, who is a member
of the Minneapolis bodies, made the
presentation of the articles at the
conclusion of the degree work. In a
brief speech he told of his hobby of
gathering Masonic relics and of his
wish of having them placed in the
Scottish Rite library here for study
by Masonic students.

Included in the list were a New
Testament, in Latin, printed in 1531,
an old English Bible, printed in Old
English type, bearing the date of
1579, the time of Queen Elizabeth.
A book entitled "Temple of Solomon
Spiritualized," printed in London in
1771, old legal parchments bearing
the date of 1736, and a New York
newspaper chronicling the death of
George Washington and a story of
the Masonic services conducted over
his body.

Mayor Matson expressed the belief
that the ivory gavel probably was
brought to America by the Pilgrim
Fathers.

LLOYD GEORGE WILL SERVE UNDER ASQUITH IF ELECTION IS WON

(By United Press)
Manchester, Eng., Nov. 17.—If
David Lloyd George and other liberal
leaders win the present fierce elec-
tion battle on free trade, the ex-
premier will serve under his former
colleague and late rival, Herbert H.
Asquith.

This indication was given by for-
mer Colonel Secretary Winston
Churchill in a speech here today.

The heads of the proposed liberals
would be, he said, Asquith as prime
minister, Lord Grey and Lloyd
George serving as chief lieutenants.
Churchill's position as one of
Lloyd George's closest political
friends, made the declaration appear
a reliable forecast.

Predicts Lloyd George as Premier
St. Paul, Nov. 17.—David Lloyd
George will again be premier of Eng-
land.

A. Emil Davies, British banker and
labor party leader made this predic-
tion today, lecturing on "Changing
England" before the women's city
club.

Premier Baldwin is due for a
crushing defeat in the election De-
cember 6th, according to Davies. He
believes Herbert Asquith and Lloyd
George will then come into power.

(By United Press)
Berlin, Nov. 17.—The British em-
bassy today advised its women clerks

ble hunger riots and other outbreaks
in Germany this winter. This action
is considered very significant.

CONVENTION CALLED FOR A THIRD PARTY MAY 30 NEXT YEAR

TO PLACE IN NOMINATION CAN-
DIDATES FOR PRESIDENT
AND VICE PRESIDENT

LA FOLLETTE FAVORED FOR
PRESIDENT—PLATFORM
PROPOSED

(By United Press)
St. Paul, Nov. 17.—A national
third party convention will be
held in St. Paul next May 30th
to nominate candidates for pres-
ident and vice president of the
United States.

The Minnesota farmer-labor move-
ment will send out the national con-
vention call.

U. S. Senator Robert M. La Follette,
Wisconsin, is favored for president.

A resolution to this effect was un-
animously adopted at the close of the
third party conference at labor tem-
ple here.

Further plans for the convention
and the launching of the new party
will be discussed in Chicago Sunday
and Monday. Virtually the entire
representation of the St. Paul con-
ference will move to Chicago tonight
to confer with party leaders and
sympathizers there.

The new party, if it evolves from
the call, will be an enlargement of
the Minnesota farmer-labor party
which has elected two United States
senators—Magnus Johnson and Hen-
rik Shipstead. The party has legal
standing in Minnesota.

The constituency of the party will
have to approve the plans for a third
party endorsed by resolution of the
conference.

There seems to be no doubt among
leaders that the various elements re-
presented will heartily endorse the
program.

William Mahoney, St. Paul, presi-
dent of the working peoples' non-
partisan political league, Henry G.
Teigan, secretary of Magnus John-
son, and William A. Shaper, former
University of Minnesota professor,
were named to represent the club at
the Chicago conference. Others,
however, will attend.

The resolution calling for a na-
tional third party convention also
proposes a platform embodying the
following points:

Public ownership of railroads.
Control of money and credits by
the people through the government
co-operative banks.
Public control of natural resources.
Preservation of civil rights as
guaranteed by the constitution.
Legislation to prevent judicial
abuses.

The convention's call will be sent
to all organizations in the United
States, political and economical,
which agreed to the fundamental
platform plans proposed.

6 U. S. Concerns Build Factories in France

Paris, Nov. 17.—Six big American
companies are busy building and
equipping complete manufacturing
plants in France as the advance guard
of a general movement toward im-
portant American factories.

The International Harvester com-
pany is erecting a new factory at
Lille. The United Shoe Machinery
company is building a new plant at
Col de Vercy. The Barrett Roofing
company is establishing a factory at
Conflans.

The Worthington Pump company
and the Otis-Piffrey company, which
is the European associate of the Otis
Elevator company, already are manu-
facturing in France.

The National Radiator company is
building a plant at Chichey, while an-
other prominent American firm is ne-
gotiating for large factory sites near
Paris. The low labor wage scale, the
low costs of real estate and transpor-
tation are the principal reasons for
the American industrial invasion.

DULUTHIAN ARRESTED FOR THEFT OF AUTO IN SAN FRANCISCO

San Francisco, Nov. 17.—Chased
by a crowd of pedestrians as he
fled through busy downtown
streets at the height of traffic to-
day in an alleged stolen automo-
bile, James Davis, 26, of Duluth,
was captured and led to jail.

Police in commandeered ma-
chines and bank messengers in an
armored car led the chase. Davis
is alleged to have taken the car
from a downtown garage.

YEGGS ROB THE STATE BANK OF PENNOCK OF LIBERTY BONDS

THEY BURN HOLE THROUGH THE
VAULT DOOR WITH ACET-
YLENE TORCH

LOSS NOT KNOWN BUT ESTIMAT-
ED TO BE IN EXCESS OF
\$5,000

(By United Press)
St. Paul, Nov. 17.—Yeggs en-
tered the vault of the State Bank
of Pennock, a few miles north-
west of Willmar, some time Fri-
day and escaped with a large
number of liberty bonds.

Although no check has been made,
W. W. Berglund, cashier of the bank,
estimated the loss in excess of \$5,-
000.

The yeggs opened the rear window
of the bank, took an acetylene torch
out of a garage adjoining, burned a
hole through the vault door and
opened it. Apparently no effort was
made to open the inner door of the
vault where the bank's cash was
stored.

Sheriff Peter Bunde, Kandiyohi
county said no one saw the men en-
ter and no one saw them leave, and
that no trace of them has been found.
E. L. Thorp is president of the
bank.

BRITISH LABOR PARTY WOULD REVISE THE VERSAILLES TREATY

(By United Press)
London, Nov. 17.—The election man-
ifesto of the labor party issued today
demands the British government im-
mediately call an international con-
ference, including Germany, to revise
the Versailles treaty, especially its
reparations clauses.
Resumption of free diplomatic and
economic relations with Russia is also
demanded.

BUTTER TITLE TAKEN FROM MINNESOTA

Madison, Wis., Nov. 17.—Iowa but-
termakers are declared winners in the
national butter scoring contest con-
ducted by the National Association of
Creamery Butter Makers which met
here recently. H. C. Larson, national
president, announced here today. Al-
though the national contest banner
was awarded to Minnesota buttermak-
ers at the convention, a recheck show-
ed the Iowa contestants had a lead of
slightly over 1 per cent, Mr. Larson
said.

Minnesota was acclaimed the cham-
pion producer of high quality butter
at Madison, Nov. 7. It was the 18th
time in 20 years that Minnesota had
been awarded the first prize.

VERDICT OF NOT GUILTY RETURNED

(By United Press)

Marlow, charged with the murder of
Peter Morrison on a road near Eagle
River, in September, returned a ver-
dict if not guilty here today.

AMBASSADORS' COUNCIL DID NOT HOLD MEETING

LATTER WAS POSTPONED AND
THREATENED SPLIT WAS
AVERTED

FRENCH AND ENGLISH AMBA-
SADORS' VIEWPOINTS DIFFER
ON CROWN PRINCE

(By United Press)
Paris, Nov. 17.—Today's meet-
ing of the council of ambassa-
dors has been postponed, thus
deferring the expected split be-
tween Britain and France.

It was anticipated that the coun-
cil would meet today and the French
and British viewpoints would be so
divergent that the session would
break up. Cancellation of the meet-
ing averts this.

It is understood that the French
and British ambassadors' views on
what shall be done with the former
crown prince and control of German
armament are irreconcilable.

Premier Poincare's strong speech
in the chamber on Friday wherein
he expressed the hope of maintaining
the entente, but refused to change
the French policy in any degree, has
left the next move to Britain.

Poincare was loudly cheered by
the deputies at frequent intervals
flatly accusing the British repre-
sentative in the ambassadors' council of
supporting the Germans against the
French on some issues.

MUSSOLINI OPPOSES FURTHER OCCUPATION OF GERMAN TERRITORY

(By United Press)
Rome, Nov. 17.—Premier Mussolini
in an address to the senate went flatly
on record as opposing further occu-
pation of Germany and any demand
on Germany for surrender of the for-
mer crown prince.

"I must say the Italian government
could not approve the additional oc-
cupation of German territory," said
Mussolini.

"We must not think of destroying
the German people which had our
civilization and will tomorrow be an
integral part of European civiliza-
tion."

"KATHLEEN" TO BE A SUCCESS

Cast and Choruses Trained to the Height of Perfection by Jas. F. Blue of Rogers Company

A ROMANTIC MUSICAL COMEDY

To be Given November 19 and 20, Evenings, at the New Park Theatre of City

Working with a vim and enthusiasm, James F. Blue of the John B. Rogers Producing company, has rapidly molded cast and chorus into almost professional shape for the presentation of the Elks home talent romantic musical comedy entitled "Kathleen," which will be presented Monday and Tuesday evenings, Nov. 19 and 20, at the New Park theatre.

Comedy, although the leading feature of the clever play, is not the whole show by any means, for with the 14 musical numbers and the ten choruses, catchy songs are a big feature of this hit of the season.

The following is the cast of the play:

The musical numbers include:

Opening chorus introducing "The Advocate," by Lem, Teck and Lassies.

Playing Safe

Noah, building the Ark, was the first great exponent of playing safe.

He was playing the safe game—taking no chances. Of course, it might not rain, but the Voice had said it would, and it did—you know the rest.

The best policy of selling coal is—playing safe.

We never have, and never will market a coal until it has been thoroughly tested, through actual sales, but once proven, we recommend our coals without reservation.

Consolidation Elkhorn Coal and Zeigler Nut are the best coals we have ever seen or sold, and we have been selling coal for many years. That is a strong statement, but we absolutely stand back of it.

Play the safe game. Place your orders with us for fuel satisfaction.

Playing Safe

Noah, building the Ark, was the first great exponent of playing safe. He was playing the safe game—taking no chances. Of course, it might not rain, but the Voice had said it would, and it did—you know the rest.

The best policy of selling coal is—playing safe. We never have, and never will market a coal until it has been thoroughly tested, through actual sales, but, once proven, we recommend our coals without reservation.

Consolidation Elkhorn Coal and Zeigler Nut are the best coals we have ever sold or sold, and we have been selling coal for many years. That is a strong statement, but we absolutely stand back of it.

Play the safe game. Place your orders with us for fuel satisfaction.

STANDARD OIL SETS PRICE

The commissioner appointed by the governor of Minnesota to investigate the high cost of gasoline has given out the results of the investigation and the startling fact that the Standard Oil company virtually controls the price of gasoline is one of the conclusions reached.

Clever arguments may be presented to show that this is not the exact truth. It will be affirmed that competition exists and that other companies are free to set what prices they choose. But such arguments have been discounted by the representative of the governor of Minnesota after he has carefully canvassed the facts. It is quite true that other companies may set their prices to suit themselves and it is also true that the Standard Oil company can afford to reduce its prices below those set by the independents with the result that they are compelled to yield in the conflict of prices.

Manipulations of this kind by which certain industries or distributors become virtually dictators in their respective fields are provocative of criticism coming from the people who pay the prices. Arguments to the contrary, the people of America differentiate between the Standard Oil company and the Ford Motor company and there is reason for this differentiation. It is seldom that one hears criticism of Henry Ford's methods of making his vast fortune. The people generally believe that it has been acquired by fair methods. He might have charged more for his product, but this would not have made it possible for anyone to compete with him, for his nearest rival is far behind. But while he might have kept the price at a certain point the tendency of the organization has been towards reduction and the people conclude that the methods employed have been fair and honest.

Automobile manufacturers do not make the price of the Ford car the standard price because it is below the level that would make production profitable to them. With other organizations it is different; these take the prices set by such organizations as Standard Oil, and while they might sell for less they are quite willing to accept the rates fixed because they are abundant. If they poured upon the market cheaper gasoline they would soon find competition at the reduced prices and they would be unable to successfully meet the competition of the Standard Oil company when it came to a war of prices.

Perhaps, in time such organizations as Standard Oil will deal more equitably with the consumers. The fact that the consumers have been aroused recently and have asked for fairer dealing may lead to this end. And, again, it may not, for the public will and corporation wishes do not always jibe.

THE GOVERNMENT IS NOT POWERLESS

GOVERNOR PINCHOT of Pennsylvania, who was asked by President Coolidge to confer with the operators and miners to bring an end to the strike in the anthracite coal fields, and whose activities led to a speedy conclusion of the strike, is now attempting to bring about more equitable prices. He has reason to feel warmly over this matter for when the strike was settled it was claimed that it was settled on such terms that the operators and miners would benefit at the expense of the people who consume anthracite. Governor Pinchot may or may not have political aspirations, but whether he has or has not the people will be with him in his attempt to reduce the price of this product of Pennsylvania.

During the weeks following the settlement of the strike the governor of the only anthracite producing state has been attempting to secure a pledge from the operators that they would deal with those who, after purchasing their product, boost the price to an unreasonable degree, but the operators have replied that they cannot legally withhold the coal from legitimate purchasers. They would probably argue that the government might consider such a withholding a procedure in restraint of trade, whereas it would be in fact a procedure in restraint of profiteering.

In response to this decision the governor has called a conference of the governors of the anthracite consuming states to meet in Pennsylvania at an early date. Perhaps this conference of the executive heads of the commonwealths will be able to do something to assist the governor of Pennsylvania in his effort to bring the operators to the point where they will cooperate with him. Surely, the government is not without power to act in such cases! It can take men and compel them to put their bodies in front of flying missiles in war, it can commandeer what it wants in an emergency, and congress can legislate on such subjects as this and, without bringing into existence government ownership which would probably serve no good end, because of the invasion of politics, it can remove some of the gross evils that at present exist and for which the people pay.

Whether the governor of Pennsylvania is intent upon building his political fences or not, if he succeeds in forcing the hands of the operators he will have the goodwill of consumers of anthracite, and if political ambition leads to this good end the people will be thankful that the governor of Pennsylvania had political ambitions in 1923.

The coal commission doesn't give any bouquets to the operators but advises an increase in taxes and, of course, the operators won't like that, and unless somebody has power to stop them they'll pass this tax, placed to restrict their profits, over to the consumer.

The price of toys is away down again and the kiddies will have a great time this Christmas. If the youngsters are taught something about the hardship of the lives of the Germans making them, the lesson may make for international sympathy.

WHEN one thinks about the mixup between France and Germany one sometimes wonders how much the German people are considered in the matter. Probably their advice is not sought.

THE Crown Prince is in Germany again and if something happens to him the happening will not be very surprising. He is taking chances which may give him a throne or take his life.

COMMUNITY DAY DRAWS BIG CROWD

People Attracted From Far and Near by Special Bargains Advertised

AUCTION SALE FEATURE OF DAY

Business Men Report More Trading Than Last Month—Weather Was Fine

Community Day in Brainerd brought many people to the city on Friday. Crowds gathered early from far and near, attracted by special bargains that local merchants advertised. While the number of people in the city on this day did not reach the total of the similar event of last month, still the business men report that there was a great deal more trading done.

One of the features of the day was the auction sale, where farmers could bring anything they wished to dispose of, and the articles were auctioned without cost to the seller. Auctioneer Wm. T. Conkin had charge of this, and the goods sold brought good prices.

Ideal weather and good roads made it possible for many to come from quite a distance, and other towns in this section were well represented. Brainerd increased her trade territory materially through the sales days event, and all of the visitors seemed well pleased with the treatment accorded them by the local merchants, and the savings they made through taking advantage of the bargains offered especially for that day.

In the afternoon prizes were distributed as follows: Mrs. Ed Turner of Fargo, N. D., \$150 in gold; F. M. Koep, Brainerd, \$50; Mrs. H. S. Paine, Brainerd, \$40; Ole Dahl, Brainerd, \$30.00; Eugene Velllette, \$25; Fred Branting, \$15; Miss Genevieve McCabe, \$10; George DuBois, \$10; Mrs. S. Sheffo, \$5; Miss Barbara Friedman, \$5; Mrs. A. E. Evans, \$5; Helmer Dybik, \$5; D. DeRosier, \$5; John Shuffler, \$5; A. R. Severson, \$5; Mrs. George Adair, \$5; V. E. Reichert, \$5; Ole Dahl, \$5; Julius Anderson, \$5; Mrs. J. L. Albertson, \$5.

This is the last community sales day that will be held in Brainerd this season, but it is possible that the events may be resumed in the spring. The sentiment of all who visited Brainerd on Friday was to this effect.

NOT A SUICIDE

Bruno Olsson, Formerly a Resident of This County, Denies He Killed Himself

Bruno Olsson, former resident of Brainerd, and now living in St. Paul, was not the Bruno L. Olson who committed suicide in that city some ten days ago, as one of the range papers announced at the time.

In a letter to Swanson & Swanson, Brainerd attorneys, Mr. Olsson writes that, "You are at liberty to tell anyone who inquires that Mrs. Olsson, myself and children are all enjoying the best of health."

At the time of the Olson suicide a great deal of anxiety was expressed that it might be the former resident of Brainerd.

Mr. Bruno Olsson lived in Brainerd and in Crosby before going to St. Paul, where he is now employed with the Speakes Company. Mrs. Olsson was formerly Miss Anna Anderson of Brainerd.

William Phillips Dead

William Phillips, of Dykeman, father of Miss Edith Phillips, registered nurse, of Brainerd, and Ed Phillips, Dykeman farmer, passed away at his home Friday.

Details of his life will be given in Monday's Dispatch.

ROADS GOOD FOR SUNDAY TOURS

Many Motorists Plan Week-End Excursions and County Highway Engineer Gives Data

STATE ROAD NO. 1 EXCELLENT

Brainerd, Merrifield, Cross Lake, Emily Road Plainly Marked From City to River Bridge

With fair weather promised for Sunday and highways generally in very good condition, many motorists will plan week-end excursions, and County Highway Engineer Walter M. Murphy gives out the following road data to assist in routing these trips. State Road No. 1 (13th street to Morrison county line.) This is one of the best surfaced roads in the county and is in fine condition its entire length. It connects with several highways through Morrison county which offer good tours.

State Road No. 2 (Dewing highway.) This road runs east and west through the southern tier of townships in Crow Wing county, and opens up a new territory that makes a pretty drive for motorists. It is suggested that a trip be planned south from Brainerd over Trunk Highway No. 27, east over the Dewing highway to W. Wam Bay on Miller Lake, returning to Brainerd by Trunk Highway No. 18. Dewing highway is a narrow surfaced road only recently taken over by the county, but is in good traveling condition.

State Road No. 3 (Brainerd, Merrifield, Cross Lake, Emily.) This road has been very plainly marked from the business section of the city to the river bridge near the paper mill. Brainerd to Merrifield, road is in as good condition as it is possible to make it, considering the fact that the surfacing has worn out and travel over the road is heavy. Merrifield to Cross Lake, very good, short sand trail, balance of way to Emily, good.

State Road No. 4 (Crosby, Emily to Cass county line.) Crosby north to Mississippi river bridge, good. Road is very winding with a number of dangerous curves. All steel work is completed on the new bridge and it is expected the structure will be finished in about two weeks. It will have to stand three weeks after that before it can be opened to travel. Bridge to Emily good. Travel the new road the entire distance, all detours have been abandoned. Emily to Outing and to Cass county line, good.

State Road No. 5 (Deerwood, Bay Lake and South.) Deerwood to Bay Lake over newly constructed road, good. Surface has been much improved by maintenance work. Bay Lake to Brainerd entrance, good. Brainerd entrance south over new construction now open for travel for four miles, then take detour meeting Trunk Highway No. 18 at the Elmore corner. The newly opened road along Bay Lake makes a very scenic drive.

White line roads throughout the county are in excellent condition. Contractor Humphrey has completed the new road from Pequot to Breezy Point, and travel is now directed over this highway. The new white line road from Merrifield north to Pelican lake and Breezy Point is also in excellent condition, and offers a much shorter route between these two points than has previously been possible.

A fifty-mile tour that will give Brainerd people a good idea of both of these new white lines, is suggested by Mr. Murphy. Traveling from Brainerd to Pequot over Trunk Highway No. 19, from Pequot to Breezy Point over new road, Breezy Point to Merrifield and back to Brainerd.

DR. COHEN'S CAR STOLEN

Black Six Roadster Taken Before Midnight From South Seventh Street Parking Place

Dr. A. K. Cohen's Buick six roadster was stolen between 11:30 and midnight Friday evening. Dr. Cohen had parked the car on South Seventh street in front of the Opsahl building in which he has his office.

Captain Erick Graff saw the automobile standing in this position when he made his rounds at about 11:30 o'clock, but it was gone when the doctor came for it shortly before midnight.

The Buick carried license No. B-128-922. It was equipped with a green visor on the windshield and had a special device on the top for holding the side curtains.

In the Buick at the time it was taken was a Winchester 12 gauge shotgun and a quantity of fishing tackle.

The Brainerd police were notified immediately and telephone calls were sent out to all towns in the territory to be on the look-out for the roadster.

"MY WILD IRISH ROSE"

To be Shown at Lyceum Theatre on Wednesday and Thursday, November 21 and 22

"My Wild Irish Rose," which will be shown in Brainerd under the auspices of the Women's Catholic Order of Foresters, on Wednesday and Thursday, November 21st and 22nd, is a screen adaptation of "The Shaughraun," Dion Boucicault's great Irish melodrama of nearly fifty years ago, and which is particularly timely in view of the present political situation in Ireland.

The Boucicault play lends itself admirably to screen production, being spectacular and melodramatic to a degree. It was directed by David Smith, who has caught the true Irish spirit. The title role originally played by Mr. Boucicault is assumed by Pat O'Malley, one of the best known screen actors in this type of role, and Moya, the Shaughraun's sweetheart, is in the capable hands of Pauline Starke, a role that fits her to perfection. The remainder of the cast, which includes little Richard Daniels who made such a hit in "The Little Minister," has been selected with equal care.

COMMUNITY DAY DRAWS BIG CROWD

People Attracted From Far and Near by Special Bargains Advertised

AUCTION SALE FEATURE OF DAY
Business Men Report More Trading Than Last Month—Weather Was Fine

Community Day in Brainerd brought many people to the city on Friday. Crowds gathered early from far and near, attracted by special bargains that local merchants advertised. While the number of people in the city on this day did not reach the total of the similar event of last month, still the business men report that there was a great deal more trading done.

One of the features of the day was the auction sale, where farmers could bring anything they wished to dispose of, and the articles were auctioned without cost to the seller. Auctioneer Wm. T. Conkin had charge of this, and the goods sold brought good prices.

Ideal weather and good roads made it possible for many to come from quite a distance, and other towns in this section were well represented. Brainerd increased her trade territory materially through the sales days event, and all of the visitors seemed well pleased with the treatment accorded them by the local merchants, and the savings they made through taking advantage of the bargains offered especially for that day.

In the afternoon prizes were distributed as follows: Mrs. Ed Turner of Fargo, N. D., \$150 in gold; F. M. Koep, Brainerd, \$50; Mrs. H. S. Paine, Brainerd, \$40; Ole Dahl, Brainerd, \$30.00; Eugene Veille, \$25; Fred Brantling, \$15; Miss Genevieve McCabe, \$10; George DuBois, \$10; Mrs. S. Sheffo, \$5; Miss Barbara Friedson, \$5; Mrs. A. E. Evans, \$5; Helmer Dybik, \$5; D. DeRosier, \$5; John Shuffler, \$5; A. R. Severson, \$5; Mrs. George Adair, \$5; V. E. Reichert, \$5; Ole Dahl, \$5; Julius Anderson, \$5; Mrs. J. L. Albertson, \$5.

This is the last community sales day that will be held in Brainerd this season, but it is possible that the events may be resumed in the spring. The sentiment of all who visited Brainerd on Friday was to this effect.

NOT A SUICIDE

Bruno Olsson, Formerly a Resident of This County, Denies He Killed Himself

Bruno Olsson, former resident of Brainerd, and now living in St. Paul, was not the Bruno L. Olsson who committed suicide in that city some ten days ago, as one of the range papers announced at the time.

In a letter to Swanson & Swanson, Brainerd attorneys, Mr. Olsson writes that, "You are at liberty to tell anyone who inquires that Mrs. Olsson, myself and children are all enjoying the best of health."

At the time of the Olsson suicide a great deal of anxiety was expressed that it might be the former resident of Brainerd.

Mr. Bruno Olsson lived in Brainerd and in Crosby before going to St. Paul, where he is now employed with the Speakes Company. Mrs. Olsson was formerly Miss Anna Anderson of Brainerd.

ROADS GOOD FOR SUNDAY TOURS

Many Motorists Plan Week-End Excursions and County Highway Engineer Gives Data

STATE ROAD NO. 1 EXCELLENT
Brainerd, Merrifield, Cross Lake, Emily Road Plainly Marked From City to River Bridge

With fair weather promised for Sunday and highways generally in very good condition, many motorists will plan week-end excursions, and County Highway Engineer Walter M. Murphy gives out the following road data to assist in routing these trips.

State Road No. 1 (13th street to Morrison county line.) This is one of the best surfaced roads in the county and is in fine condition its entire length. It connects with several highways through Morrison county which offer good tours.

State Road No. 2 (Dewing highway.) This road runs east and west through the southern tier of townships in Crow Wing county, and opens up a new territory that makes a pretty drive for motorists. It is suggested that a trip be planned south from Brainerd over Trunk Highway No. 27, east over the Dewing highway to William Bay on Mills Lake, returning to Brainerd by Trunk Highway No. 18. Dewing highway is a narrow surfaced road only recently taken over by the county, but is in good traveling condition.

State Road No. 3 (Brainerd, Merrifield, Cross Lake, Emily.) This road has been very plainly marked from the business section of the city to the river bridge near the paper mill. Brainerd to Merrifield, road is in as good condition as it is possible to make it, considering the fact that the surfacing has worn out and travel over the road is heavy. Merrifield to Cross Lake, very good, short and trail, balance of way to Emily, good.

State Road No. 4 (Crosby, Emily to Cass county line.) Crosby north to Mississippi river bridge, good. Road is very winding with a number of dangerous curves. All steel work is completed on the new bridge and it is expected the structure will be finished in about two weeks. It will have to stand three weeks after that before it can be opened to travel. Bridge to Emily good. Travel the new road the entire distance, all detours have been abandoned. Emily to Outing and to Cass county line, good.

State Road No. 5 (Deerwood, Bay Lake and South.) Deerwood to Bay Lake over newly constructed road, good. Surface has been much improved by maintenance work. Bay Lake to Brainerd entrance, good. Brainerd entrance south over new construction now open for travel for four miles, then take detour meeting Trunk Highway No. 18 at the Elmore corner. The newly opened road along Bay Lake makes a very scenic drive.

White line roads throughout the county are in excellent condition. Contractor Humphrey has completed the new road from Pequot to Breezy Point, and travel is now directed over this highway. The new white line road from Merrifield north to Pelican lake and Breezy Point is also in excellent condition, and offers a much shorter route between these two points than has previously been possible.

A fifty-mile tour that will give Brainerd people a good idea of both of these new white lines, is suggested by Mr. Murphy. Traveling from Brainerd to Pequot over Trunk Highway No. 19, from Pequot to Breezy Point over new road, Breezy Point to Merrifield and back to Brainerd.

THE OLD "APPLE SAUCE" IN SPORTS

By HENRY L. FARRELL
United Press Sports Editor

New York, Nov. 17.—Around the college campus it is termed psychology, and in the stuffy gyms, where gather the knights of the tin-ear, it is called "givin' 'em the apple sauce."

By any name it is, fundamentally, the effort to instill confidence in an athlete and its general application to all lines of sport has become a prominent factor in training.

It is not a new art, but its general application in sports is, at least, modern—and successful.

Bill Roper, wise and modern in the ways of coaching football, tried it with great success at Princeton last year, and great results were accomplished.

When Roper gathered around him in late summer the squad from which Princeton expected him to develop a team, he found that with the exception of fine spirit, the players at his disposal were not well equipped with the makings of great players.

Roper started working on that spirit with the theory that he could make it overcome physical and technical deficiencies and he had hung up in the club house various placards calling attention at every turn that "A team that won't be beaten, can't be beaten."

Transposing words and phrases, Roper's logic as pointed out to his more intellectually alert young athletes was what a fight manager might say to a boxer who "didn't have much":

"You're game, and that's half the fight. You go in there and stay in there and when that bird misses you, clip him on the jaw. Clip him every time he misses and we'll win. If you don't, you'll lose."

Princeton's success last season in developing a team with a good claim for the eastern championship from very ordinary material was founded upon the belief and the following up of the theory that every game is bound to make a mistake and those mistakes could be turned into Princeton victory.

Every mistake that a team made against Princeton last year was developed to the maximum possibility by the Tigers.

Jack Wilce, Ohio State coach, found himself this fall in very much the same position Roper was in last year, and Wilce tried the same way out of it, without success in the same degree.

HORNSBY'S PURCHASE MAY MEAN PENNANT

New York, Nov. 17.—In answer to persistent reports that Rogers Hornsby, the National League's most valuable player, is to be traded during the winter meetings of the major leagues, the St. Louis club owners reply, with emphasis, that Hornsby will play with the Cards or not at all.

With the chance of putting over a deal involving Hornsby that would make a strong pennant contender out of the Cards, the St. Louis owners would be foolish to get stubborn and take the long means of showing the dissatisfied Hornsby that he is not his own boss.

Hornsby cannot play his best ball when he is on the outs with Branch Rickey, manager of the club, and even at his best he will never make a pennant winner out of the Cards.

Considering that there is good foundation for the general belief that the New York Giants are no longer the dominating power in the National League, the Cards have a good chance to strengthen their team and get into the race by disposing of Hornsby for players.

The Card owners have some fancy ideas about the value of Hornsby, but they are right. In arranging a deal for the star second baseman, the Cards are right in assuming that the question is not so much how valuable he is to the St. Louis team as how much he would be worth to several other teams out of which he might make a pennant winner.

In Pittsburgh, Chicago or Cincinnati Hornsby might come pretty close to being the difference between the pennant.

BRAINERD M. E.

BASKETBALL

THEY WIN THEIR GAME WITH
PINE RIVER BUT LOSE IT—
FIGURE IT OUT

The Brainerd M. E. basketball boys drove to Pine River last night and played the high school team of that town.

It was an unlucky evening for the M. E.'s.

Seven of the boys left Brainerd about 5:45 p. m., but were halted about three miles north of Nisswa on account of engine trouble. A second car of players and rooters towed the car to Pequot, but left four of the boys on the road to walk and take a chance on getting a lift. A gentleman in a Buick car picked the boys up, taking them to Pequot. A taxi was called from Brainerd.

A. Fitzsimmons, E. Fitzsimmons and L. Ericsson took the trail on foot. A. Fitzsimmons was first to be picked up. After walking about 4 miles, E. Fitzsimmons and L. Ericsson were given a ride the rest of the way to Pine River. The taxi from Brainerd with the rest of the boys arrived in Pine River about 8:15 p. m.

The game began about 8:25 p. m. During the first quarter Ericsson dropped in two baskets. At the end of the first half the score was 9 and 5 in favor of Brainerd M. E.

At the beginning of the second half Coach Welch and Cunningham went guards in place of the Fitzsimmons brothers. This proved to be a poor move, and Pine River came back, taking the lead by 5 points. After five minutes E. Fitzsimmons went back in the game as guard. At the end of the third quarter, the score was 18 and 13 in Pine River's favor. The last quarter the M. E.'s came back, making three field goals, bringing the score to 19 and 18 in the M. E.'s favor.

The whistle blew and the score keeper said the score was 18 and 18. This was a shock to the Brainerd boys, and a surprise to the audience, who had begun to leave the gym, thinking the game was over. As everybody was excited and without further dispute an extra five minutes was played in which the Pine River boys made a basket, bringing the score to 18 and 20.

It was not until after the game that it was found that L. Ericsson had only been credited one point for a field goal.

Ericsson had been given a free throw and in the attempt had failed to make the goal, but had caught the ball as it rolled over the side of the basket and had made a field goal, which the scorekeeper had counted as but one point.

They had won the game and yet lost it as it was too late to correct the score after the game was over. The Pine River coach was sorry the mistake had been made and was willing to call the game, but the Brainerd M. E.'s showed real sportsmanship and allowed the score to stand as was recorded by the score-keepers.

The Brainerd M. E.'s will play a return game with the Pine River team on or about Dec. 7, and hope to give them a game which cannot be disputed.

This was the second game of the season, making one victory and one defeat.

E. Robideau and R. Williams starred for the Pine River team.

Hess and Ericsson starred for the Brainerd M. E.'s.

THE OLD "APPLE SAUCE" IN SPORTS

By HENRY L. FARRELL
United Press Sports Editor

New York, Nov. 17.—Around the college campus it is termed psychology, and in the stuffy gyms, where gather the knights of the tin-ear, it is called "givin' 'em the apple sauce."

By any name it is, fundamentally, the effort to instill confidence in an athlete and its general application to all lines of sport has become a prominent factor in training.

It is not a new art, but its general application in sports is, at least, modern—and successful.

Bill Roper, wise and modern in the ways of coaching football, tried it with great success at Princeton last year, and great results were accomplished.

When Roper gathered around him in late summer the squad from which Princeton expected him to develop a team, he found that with the exception of fine spirit, the players at his disposal were not well equipped with the makings of great players.

Roper started working on that spirit with the theory that he could make it overcome physical and technical deficiencies and he had hung up in the club house various placards calling attention at every turn that "A team that won't be beaten, can't be beaten."

Transposing words and phrases, Roper's logic as pointed out to his more intellectually alert young athletes was what a fight manager might say to a boxer who "didn't have much":

"You're game, and that's half the fight. You go in there and stay in there and when that bird misses you, clip him on the jaw. Clip him every time he misses and we'll win. If you don't, you'll lose."

Princeton's success last season in developing a team with a good claim for the eastern championship from very ordinary material was founded upon the belief and the following up of the theory that every game is bound to make a mistake and those mistakes could be turned into Princeton victory.

Every mistake that a team made against Princeton last year was developed to the maximum possibility by the Tigers.

Jack Wilce, Ohio State coach, found himself this fall in very much the same position Roper was in last year, and Wilce tried the same way out of it, without success in the same degree.

HOENSBY'S PURCHASE MAY MEAN PENNANT

New York, Nov. 17.—In answer to persistent reports that Rogers Hornsby, the National League's most valuable player, is to be traded during the winter meetings of the major leagues, the St. Louis club owners reply, with emphasis, that Hornsby will play with the Cards or not at all.

With the chance of putting over a deal involving Hornsby that would make a strong pennant contender out of the Cards, the St. Louis owners would be foolish to get stubborn and take the long means of showing the dissatisfied Hornsby that he is not his own boss.

Hornsby cannot play his best ball when he is on the outs with Branch Rickey, manager of the club, and even at his best he will never make a pennant winner out of the Cards.

Considering that there is good foundation for the general belief that the New York Giants are no longer the dominating power in the National League, the Cards have a good chance to strengthen their team and get into the race by disposing of Hornsby for players.

The Card owners have some fancy ideas about the value of Hornsby, but they are right. In arranging a deal for the star second baseman, the Cards are right in assuming that the question is not so much how valuable he is to the St. Louis team as how much he would be worth to several other teams out of which he might make a pennant winner.

In Pittsburgh, Chicago or Cincinnati Hornsby might come pretty close to being the difference between the pennant.

BRAINERD M. E. BASKETBALL

THEY WIN THEIR GAME WITH
PINE RIVER BUT LOSE IT—
FIGURE IT OUT

The Brainerd M. E. basketball boys drove to Pine River last night and played the high school team of that town.

It was an unlucky evening for the M. E.'s.

Seven of the boys left Brainerd about 5:45 p. m., but were halted about three miles north of Nisswa on account of engine trouble.

A second car of players and rooters towed the car to Pequot, but left four of the boys on the road to walk and take a chance on getting a lift.

A gentleman in a Buick car picked the boys up, taking them to Pequot.

A taxi was called from Brainerd. A. Fitzsimmons, E. Fitzsimmons and L. Ericsson took the trail on foot.

A. Fitzsimmons was first to be picked up. After walking about 4 miles, E. Fitzsimmons and L. Ericsson were given a ride the rest of the way to Pine River. The taxi from Brainerd with the rest of the boys arrived in Pine River about 8:15 p. m.

The game began about 8:25 p. m. During the first quarter Ericsson dropped in two baskets. At the end of the first half the score was 9 and 5 in favor of Brainerd M. E.

At the beginning of the second half Coach Welch and Cunningham went guards in place of the Fitzsimmons brothers. This proved to be a poor move, and Pine River came back, taking the lead by 5 points. After five minutes E. Fitzsimmons went back in the game as guard. At the end of the third quarter, the score was 18 and 13 in Pine River's favor. The last quarter the M. E.'s came back, making three field goals, bringing the score to 19 and 18 in the M. E.'s favor.

The whistle blew and the score keeper said the score was 18 and 18. This was a shock to the Brainerd boys, and a surprise to the audience, who had begun to leave the gym, thinking the game was over. As everybody was excited and without further dispute an extra five minutes was played in which the Pine River boys made a basket, bringing the score to 18 and 20.

It was not until after the game that it was found that L. Ericsson had only been credited one point for a field goal.

Ericsson had been given a free throw and in the attempt had failed to make the goal, but had caught the ball as it rolled over the side of the basket and had made a field goal, which the scorekeeper had counted as but one point.

They had won the game and yet lost it as it was too late to correct the score after the game was over. The Pine River coach was sorry the mistake had been made and was willing to call the game, but the Brainerd M. E.'s showed real sportsmanship and allowed the score to stand as was recorded by the score-keepers.

The Brainerd M. E.'s will play a return game with the Pine River team on or about Dec. 7, and hope to give them a game which cannot be disputed.

This was the second game of the season, making one victory and one defeat.

E. Robideau and R. Williams starred for the Pine River team.

Hess and Ericsson starred for the Brainerd M. E.'s.
